## All About Waterwatch

Waterwatch is a water quality monitoring and catchment education program that provides you with an opportunity to make a difference to your local creek, river, dam or wetland. Get outdoors and actively involved in monitoring and protecting these remarkable environments.

Kits are loaned from Onkaparinga Waterwatch Network (OWN) and training is available. If you are new to monitoring we will help you find a site and develop your own monitoring plan.

### Snapshot dates are:

**March 20 – 24**

Onkaparinga Snapshot #1 (T1 W8)

**May 8 - 12**

Onkaparinga Snapshot #2 (T2 W2)

**June 12 - 16**

Onkaparinga Snapshot #3 (T2 W7)

**July 31 - 4 August**

Onkaparinga Snapshot #4 (T3 W2)

**September 18 - 22**

Onkaparinga Snapshot #5 (T3 W9)

**October 23 - 27**

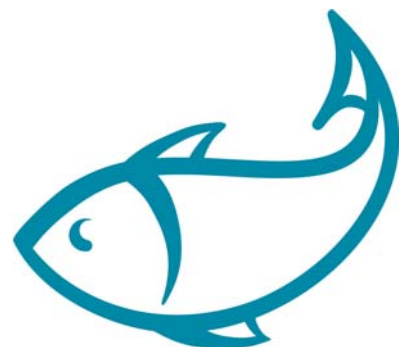

Onkaparinga Snapshot #6 & kit recall (T4 W2)

**December 8**

Final Day for kit return

This year, OWN brings its Waterwatch program inline with the rest of Waterwatch South Australia with groups now performing their own phosphate and nitrate tests. The palintest is still available at the Woorabinda Environment Centre for those who wish to use it. **See reverse for training options for the new tests!**

Water Quality Monitoring  
2006

## Water Monitoring Training Available:

Note: All monitoring groups must be trained in the new tests this year, so book in for your training session soon!

### For Teachers:

Tuesday 28 February 4 – 6 pm at Wirra Wirra Vineyards

Teachers T&D Session: Taking Action Special Session

Thursday 16 March 4.30 – 6.00 pm at Woorabinda Environment Centre

Teachers T&D Session: Taking Action General Session

See our *Training & Development brochure* for more information.

### For Students:

Testing Times – a 60 minute session where we come to your school & show you what you need to know

See our *School Education Program brochure* for more information.

Individual training and web-based support is available as well.

## Are you interested in monitoring in 2006?

Your name: \_\_\_\_\_ phone: \_\_\_\_\_

- Yes! And we have monitored in 2005 or before
- Yes! And we want to monitor for the first time.
